2. The Promotion does not apply to:

3. An eligible Client can claim a maximum of **50% of the Client’s First Deposit** after the Bonus activation as the initial **Bonus** and a maximum of **20% of Deposits** as the **Bonus** on the subsequent deposits. The Bonus will be deposited in the account initially selected by the Client for Bonus activation.
4. The total available amount of the **Bonus** is **3 000 USD** per Trader Room. A Client can activate the full amount in one time or activate it multiple times until the total available **Bonus** amount has been reached.
 - a. Example:
 - i. Client A deposited 10 000 USD on the first deposit and selected 50% Bonus. As the Bonus limit is 3 000 USD per Trader Room, this Bonus amount will be credited to the Client’s account.
 - ii. Client B already received a 2 900 USD Bonus with previous deposits. He made a new deposit of 1 000 USD and selected 20% Bonus. As the Bonus limit is 3 000 USD per Trader Room the remaining Bonus amount of 100 USD will be credited to the Client’s account.
 - b. If the Client has activated the Bonus one or more times on any of the Client’s trading accounts and the total amount of Bonus deposited into the Client’s trading accounts is 3 000 USD, then the Client may no longer participate in the Promotion after the current Bonus has expired for any reason whatsoever.

- c. In the event the Client has activated the Bonus one or more times and the total amount of Bonus deposited into the Client's trading accounts is less than 3000 USD in total for this Promotion, and the Client has not violated these terms and conditions, then the client may keep using the Bonus until the 3000 USD Bonus amount is fully utilized.
5. Any Client can only have 1 (one) active Bonus per their Trading Room at a time.
6. The Bonus will remain active for **3 months (90 days)** from the date it was activated, and it will be automatically canceled and removed from the Client's account on which it was activated after the conclusion of the set term.
7. Client funds and/or profits generated can be withdrawn at any point in time, however, any withdrawal of funds will result in the proportional and/or full removal of the Bonus, depending on the ratio between Client funds and the Bonus. Transfer of funds between trading accounts shall also be considered withdrawal.
8. At the time the request for withdrawal is confirmed via the OTP received by the Client and the funds are reserved for withdrawal, the Bonus is automatically reduced or cancelled in its entirety according to these terms and conditions. If the requested withdrawal is not successfully completed for any reason, the amount of the Bonus reduction and/ or removal of the entire Bonus shall not be reversed/ credited back to the account of the Client.
9. Calculation of Bonus reduction:
 - a. Ratio formula = $(\text{Equity} - \text{Credit}) / \text{Credit}$,
 - i. If ratio is ≤ 1 , all credit from account is removed and Bonus is canceled;
 - ii. If ratio is > 1 , Bonus amount will be deducted proportionally to withdrawal amount using "Bonus reduction formula". Bonus in this case remains active;
 - b. Bonus reduction formula = $\text{"Withdrawal amount"} / (\text{Equity} - \text{Credit}) * \text{Credit}$
 - c. For example:
 - i. Scenario 1
 1. Client's equity is 1 500 USD, Bonus amount is 500 USD and withdrawal / transfer amount is 200 USD.
 2. Ratio formula = $(1\ 500 - 500) / 500 = 2$; which is more than 1, hence Bonus will be reduced using the "Bonus reduction formula".
 3. Bonus reduction formula = $200 / (1\ 500 - 500) * 500 = 100$ USD
 4. Remaining bonus amount = $500 - 100 = 400$ USD.
 - ii. Scenario 2
 1. Client's equity is 800 USD, Bonus amount is 500 USD and withdrawal / transfer amount is 200 USD.
 2. Ratio formula = $(800 - 500) / 500 = 0.6$; which is less than 1, hence the entire Bonus will be removed from the account.
10. Credit StopOut will no longer be triggered by equity drawdown after the Bonus activation.
11. Order forced closure (StopOut) will be triggered if the trading account margin level falls to 20% and below.

12. The **Bonus** will be canceled if force order closure (StopOut) occurs on the relevant trading account.
13. If the **Bonus** is canceled manually due to the Client failing to follow these terms and conditions, any of the applicable legal documents and/ or service agreements, or at the Client's own request, the Client will not be able to activate another **Bonus** of this type.
14. The **Bonus** cannot be "worked out", transferred, or withdrawn from the account.
15. Clients are not allowed to use the Bonus to hedge positions with different trading accounts. Additionally, any indication or suspicion, in Forex4you reasonable discretion, of any form of arbitrage, abuse, fraud, manipulation, cash-back arbitrage or similar, will nullify all transactions made and/ or profits or losses carried by the Client, as well as nullify and make void any accrued and/ or paid (which shall be reclaimed) partner commission from the concerned Client to the respective partner (if any).
16. Share4you Leader commission and performance fee will not be paid for orders which were opened using the Bonus.
17. If the Client's account equity is less than the Bonus on the account, the remaining Bonus may be withdrawn at Forex4you discretion, which could in turn force a StopOut of all open positions on the Client's account. By participating in the Promotion, the Client expressly agrees to this condition and confirms that he/ she undertakes this risk.
